Sunrile — ah, how familiar. That is the time when you struggle out of bed to go into the cold, cruel world of education. Sunrise is wishing you hadn't watched the late, late show the night before. But Sunrise is nice too. It is birds whistling and warm light streaming through your window.

And while we're on the subject of nice, let's turn our attention to Sunset. Sunset is when you get OUT of school. Sunset is rushing home with plans of the wonderful evening ahead, only to see them shattered when your mother decides you should do homework

Oh, well, such goes a day in the life of a high school student. And who knows? Some day we may need to know the present perfect participle of a conjugated verb.

ONE SEASON

Fall — The gears of JC into motion. Clubs get start ball begins. Homework, sign of the season, unfortuna. Winter rolls around. It's awet, and snowy — but there lots of vacations.

Spring — The end of a long vacationless haul. The world is

vacationless haul. The world is finally becoming a more comfortable place to live.

Summer — the season we've waited all year for. Things are not as wonderful as expected, however, because mother soon lays out the law, "Either get a job or no more car!" (sigh)

Anyway, whether spring has sprung or fall has fell, we can definitely say the year is well seasoned.

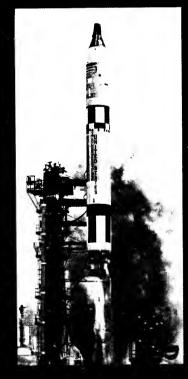

Swiftly? Says who?

Think of the agonizing slowness of a boring class. Or how long it seems to take for vacation to arrive. Considering these factors, one can say definitely that school does NOT fly swiftly.

Of course, there are a few other things that come to mind. For

instance, remember how soon the due date for a term paper rolls around. Or how about unscheduled hour? Doesn't that seem to arrive quickly — when you have to report to the dean's office, anyway. In this world of fast cars, fast food, and fast schools, swiftly

indeed, fly the years.

SWIFTLY FLY

Everybody knows school is full of happiness. Haven't we all been told by our parents that, "These are the best years of your life?"

Most students tend to cringe at the mention of school. Visions of tests, studying, teachers, and THE DEAN block out everything else.

In this book we hope to change all that. No, we're not going to blow up the building, but we are going to try to show some of the better memories of our school. Remember the 8 and 2 football season? The convocations? The food? Well, forget the food.

If we think about the good times of the past year, maybe we'll notice our parents weren't so dumb after all. Maybe these are "the best years of our lives."

Tears. Boy is that the truth! What high school student has not cried over an exam he forgot to study for? Who has not shed a tear or two when his locker refused to open on the fifth try? And what about the tears of joy when one of your teachers is unscheduled?

These are the assorted sobs which have dampened the hallowed halls of JCHS for the past two years. We hope to make these, too, a part of our memories. Memories to have and to hold 'til death do us part. Or graduation, anyway.

## Classmates show inner feelings

Being tagether all day long can sometimes be a trying experience. On the outside we smile and go on, while inside we're steaming. But we can't hide our true feelings all the time. They finally show through.

Most of the time we manage to get through the day without too much trouble. When we stop and think about it, we really like being with friends and teachers. If our friends look close, they might even catch a smile.

#### Career Week brings about jobs

Career Week this year was held November 8-11. Many people throughout Jay County gave lectures to students.

One group of people who came in from the area was the Armed Forces, including the Army, Navy, Marines and Air Force. In Home Economics guests were Ruth Gillett in tailoring and Norma Rudolph from the Muncie School of Practical Nursing.

For Industrial Education, Bill Daugherty spoke on Dairy and Grain. Tom Termanous from Ivy Tech lectured on metals. In Industry Dick Corle from Shellers spoke. Jems was also here; Jay Wright spoke for them.

There were nearly 40 people from around the area who came in to help students decide on careers.

### Teamwork key to winning season

Teamwork and determination were the keys to a winning season for the varsity football team this year. They had a record of 8 wins and 2 losses. The Patriot team lost only to Bellmont, by a score of 9-1, and to Blackford, by a score of 7-3.

Same of the highlights of the season were defeating highly rated Muncie North and Muncie Central.

Coach Bruin commented, "We are losing 16 seniors, and it is going to be rough next year."

#### JV tramples football opponents

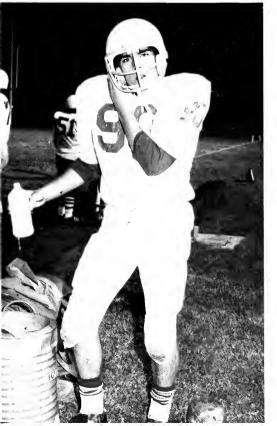

Once again this year's Junior Varsity Football Team had an impressive record. They went 5-3 on the season, losing only to Delta, Richmond, and Bluffton. Kurt Keller and Mark McEwen were two of the players who started on junior varsity and moved up to varsity. One of the main objectives of the Junior Varsity Football Team is to give the players experience and prepare them for playing on the varsity team. One of the highlights of the season was beating Delta. Mr. Fisher commented, "Everybody played hard this year and is looking forward to next year."

#### Freshmen demolish opposition

The Jay County freshman football team almost demolished their opposition. The patriot team won 7, lost 0, and tied 1. They tied Muncie Central 0-0. The freshman team only had 6 points scored on them all year, and that was against WesDel. They shut out 6 teams, which included shutting out rival Blackford. Coach Bryant commented, "We had a very rewarding year, and we think they will make good varsity and reserve players in the coming years."

#### Song, dance inspire cheerfulness

Sometimes while students are sitting around studying, there comes a Convo to change their normal school day. Entertainment comes in different styles for different tastes.

Some people think Convos just come, but it's not that simple. There is a convo committee that goes through a booking company. The booking company has selections for the committee to choose from. Last year's committee set up this year's convos. This year's convos. The committee chairman is Susan Maddox. Other members are: Mr. Freemeyer (student odvisor), Kirk King, Kim Taylor, Peggy Steed, Mike Bond, Kim Inman, Vickie Long, and Todd Bowen.

Sometimes it gets complicated. There wos a good 2-mon group set up lost year, but the company informed our committee that the two people were no longer together. So they concelled that and put in a replacement. The company said the 2-man group was really good, "One of the best."

#### Student's work hard for juffy.

The 1976-77 Juffy Drive brought a gaal of \$1800 which was met with the help of Student Council. Also, the Drive brought plenty of excitement; after all, it's not everyday you get almost 1,800 people on the gym floor at ance, pushing and pulling with tug of war ar just standing around watching.

Dare Day brought a few weird happenings like teachers dancing with skeletons, having bake sales, or just plain getting carried away. The Juffy Drive not only gets us aut at class for fifteen minutes, but also gives us a chance to help the community help people.

# Debaters state important views

The debate team stated its views in an important way during the 76-77 season. "This year was really special. Being our second year, we really got moving. We posted more wins and brought hame more awards," said Janet Horton.

The debate team placed fifth in 4-man debating at the Kokomo Invitational Tournament. In a 40 school field, two of our debaters placed second in another meet at Kokoma. In January the team attended tournaments in Muncie and Richmond.

During the summer, some of the members attended a Ball State Warkshop where they made year plans.

### Kids search for relaxation everywhere

Every moment is usually filled by some type of school activity. Most of us, if not all of us, try to get away or think of getting away: from homework, teachers, and school in general. This can easily be done during lunch time or on unscheduled periods, but if this is not possible, we just hope the day whizzes by.

### We back our teams all the way

In the two years that Jay County High has existed, spirit has always played one of the most important parts. When everyone was saying that a "County" school wouldn't work, the Cheerleaders were pouring the spirit into us. It caught on quickly and it still survives in the hearts of the students and faculty.

The Cheerleaders do play a very important part in our major sports activities. They work really hard so they will look good at the games and make the team feel good. They practice every Tuesday and Thursday after school.

The cheerleaders get some life out of the fans. They start a cheer and before long, they have the whole building shaking with cheers.

They are helped out by their instructor Nancy Schutz. She helps them to get the moves and cheers, and has the girls practice them over and over until they do it right.

The wrestlers had their spirits boosted by a group of pep club members called "Mat Mates" who consoled the defeated with oranges and congratulated the victorious with cheers.

### Girls dive into second season

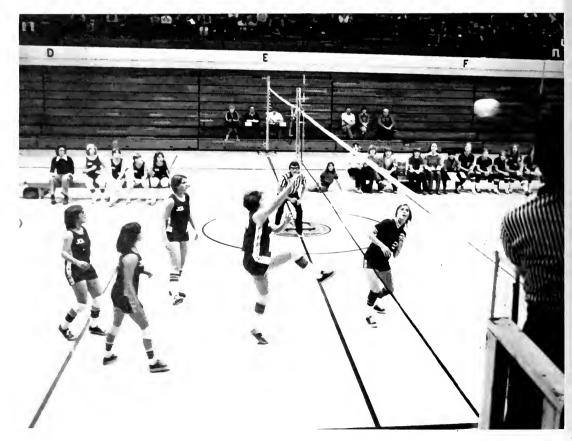

This year's girls' swim team had a very successful season. They had a total of eleven wins and four losses. Patriat swimmers Kathy McBride and Anita Emery were lucky enough to advance to the state finals. Kathy had a remarkable shawing and placed fourth in the state. All in all, there was a great team effort by everyone.

### Patriettes volley to Regional

Volleyball, the first girls' sport of the season, really started the school year off with a bang. The girls bumped, set, and spiked their way to an excellent 13-3 record.

But this was not the end of their spectacular performance. Sectional time rolled around quickly. The team's practice and preparation again paid off. They were an their way to the Regional!

Although the girls were beaten by a narrow margin at the Regional, they did have ane other big success. They proved the equation, Teamwork + Practice + Spirit = Victories, to be true. They set the right example for the other teams for the year to come. Good job, Girls!

One hundred and fifty musical marchers accompanied by thirty-faur majorettes started an their way to fame Thanksgiving Day. They performed in the J.L. Hudsan parade which was seen an nation-wide televisian. The marching patriats had the pleasure of being the only Indiana High school band invited.

# Jay council discusses activities

Is food the only way to make Student Council Representatives come together? If it is, they proved it on a Wednesday night in October. They gathered in the commons for pizza with everything or just cheese. After all the food had been demolished, Pres. Jon Hubbard decided that it was time to get down to business and make plans for the farthcoming weeks.

### Classes open new opportunities

Students' closses are opening more opportunities ever, dor. These opportunities help students achieve what they may need for the on-coming years. For example Child Development enables the students to care for children and prepare for motherhood in the near future. Business classes are offering more techniques for those students planning to go to college and major in business courses. Some classes let students work at their own speed, while other classes work together.

## FFA nets many award winners from District, State, and Nationals

FFA plays an important part in the school. It is a very active club that achieved many honors this past year.

Nine of the teams placed in the District, State, and National competitions. The Soil Judging Team of Scott Hilliver, Jeff Horn, Joe Lyans, and Dale Minnich represented the state of Indiana at the National contest in Oklahoma. There, Joe Lyans finished as the fourth high individual.

This year's FFA Sweetheart was Dot Beumer. She was chosen from five girls. They had to tell about themselves and give a talent presentation. Dot chose a poem about a farmer for her talent. The other five candidates were: Jane Hemmelgarn, Deb Rupe, Debi Strohl, and Kayla Vance. Those girls helped serve food at the Annual FFA Banquet.

The FFA is laoking forward to another great year with their advisors Mr. Bob Bell and Mr. Bob Lyons. They recently installed the new afficers for next year. They are:

# Observers entertained by guests

Every year students are entertained by guests who are scheduled 12 months in advance. These guests are never seen before they are booked.

For this year, we had two guests who were very talented. James Westley Jackson called himself an environmedian. He tried to make the students see the funny side of themselves. He relied on the humorous things that were going on while he was on stage.

Andy Ferrier had an unusual presentation in which he played the accordian and an alpenharn. Mr. Ferrier was sent in place of two young men known as Mike and Michael, who were unable to fill their appointments.

Next year's convocations are already scheduled and should be very entertaining.

### Boys exert power in competition

The varsity baseball team played successfully this year. They played a total of 28 games in their season.

Coach John Engle has a lot to do with the team's moral. Without him, the team wouldn't be very well organized.

The J.V. basketball team had a

good season. They played well against tough teams.

The team would not have been so successful if it had not had a good coach like Don Alexander. He showed them different kinds of plays to use against their opponents.

### Spirit days equal winning ways

If spirit always helps in getting a victory, then it's no wonder we came out of the sectional and into the regional with our smiles in place. The grins began to show on those crazy days when we slipped back to the fifties, crowned ourselves with hats, and proudly wore our bibs.

The club is intended for students who want to learn more about France and French people.

Many speakers entertained the club during the year. Many of the students have received penpal letters and magazines from France.

Recreational activities, as well as educational programs, were also enjoyed, as evidenced by the Halloween party.

# French club throws grand fête

# Golf girls club balls with pride

The Girls' Golf team didn't do entirely bod. They won two games out of eight. They finished 7th in the sectional.

The girls practiced every Monday, Tuesday, and Thursday after school for about two hours each night. They practiced at the Portland Country Club.

Coach Scotten encourages all girls interested in golf to go out for it and help make a bigger and better team.

# Hard practice brings little success to CC

Rebuilding a cross country team can be a painful experience. After the 75-76 season, only one varsity runner returned. Coach Sneed was forced to train an inexperienced squad of 5 freshmen, 2 sophomores, 1 junior, and 4 seniors. Sneed felt this year wasn't as successful as last year, but it wasn't a total loss. The team finished with 2 wins and 5 losses, and finished 17th in the Sectional.

According to Coach Sneed,

practice began around the middle of August. The team practiced almost every day for two hours or more after school. They would run from 5-10 miles a night.

Freshman Gene Kerrigan took top honors in the Bluffton Freshmen Invitational

Coach Sneed would like anyone who has two arms and two legs and is willing to work to go out for Cross Country, "Help! We need bodies!"

# Gymnastic girls flip over season victories

Girls' Gymnastics fared pretty well this year when approximately 40 girls participated. Captains were Lisa Butler and Penny Steveson. Bev Arnald and Sue Raeger coached the team.

On the beginning level Rhonda McKee was named Mast Valuable Player. She and the rest of the beginning team held an 8-3 record for the season.

9-2 was the record of the intermediate team, and their MVP was Penny Steveson.

The optional team, although incomplete, put forth a good effort and finished with a record of 0-4.

#### Gymnasts tumble with spirit

Once again the boys' gymnastics team had a pretty rough season. They only won two meets, but they showed a lot of spirit and skill.

Our gymnasts defeated Anderson Highland twice during our season and were defeated by some very tough teams with close scores.

The team was very young, having only 4 seniors, with the rest of the team being mostly freshmen. Next year the team will be more experienced and hard to beat.

In July of 1976, some of the Spanish Club members went on a trip to Mexico. They toured sites and museums for a week to ten days before returning to Joy County.

Four club members and five adults went. They all enjoyed every moment of the trip.

The group discovered many differences between countries. For instance, some things in Mexico are extremely cheap compared to our prices, including roses. A person can buy one dozen roses for 80° in an open air flower market.

Quite a bit of credit goes to David McClung and Sorona Davis. They planned and organized the whole trip.

# It's more than just a library

A place to relax and take it easy, that's the IMC. Many people visited the Instructional Materials Center to study, read a book or just to think in the quiet solitude among the bookshelves.

Carol Felts, the head librarion, was assisted by Kay Addington. and Sherrie Gillingham helped them out half days.

The audio-visual section of the IMC houses tapes, filmstrips, movies and all sorts of other things to aid in the learning process.

Nancy Schutz was head of the audio-visual department. Her aid was Sherry McClung. Senior Marcie Stults worked half days on an ICT program.

The most attractive opportunities for employment in Jay County exist within the categories of the vocational department at our school. Exhausted, but proud tanker overcame

Calm, colle fed, and cool

The varsity swim team developed into a strong, well-organized team. In addition to the normal two hour workout after school, practices in the morning before school strengthened the Tankers and helped the team toward a good season. Coach Weaver placed swimmers in events according to the strength and weakness of the opposition, a strategy which proved successful. Sectional finalists were Tony Ludwig, Neal Kirby, Chris Bostock, Larry Mock, Mike Bone, Clint Strohl and DeWayne Baxter. The freshmen and sophomores also developed into a strong and fearful team. The varsity, along with the freshmen and sophamores, have made the season successful and rewarding.

#### Kathy and Kristi live like "Patriots"

This year Jay County was lucky enough to have two lovely girls visiting from their home countries. Kathy McBride and Kristi Mjoulhous stayed in different homes in the county. Kathy lived with Becky and Missy Young and their family and Kristi lived with Lee Ann Wirick.

AFS was the organization that brought Kathy here, and the Youth for Understanding Program brought Kristi.

Kathy was an active member of Pep Club, Y-Teens, Gymnastics, and Majorettes, and she was the top diver of the Girls' Swim team. She qualified for the state meet and finished fourth.

Kristi was a member of Pep Club, Y-Teens, and was active in many sports.

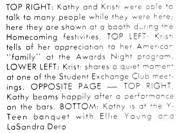

We feel very privileged to have had Kathy and Kristi here with us. We want to wish them luck in everything that they do, and we hope they will always remember their stay here at JCHS.

#### Clubs act, wash, carol, and party

Clubs have been very busy during the year.

For example, the Drama Club has presented a few plays, while other clubs have had car washes, parties, and other exciting experiences. AFS went Christmas carolling through the holidays. Yteens had two glass drives, while the Hi-Y had a can drive and helped the Y-teens with their glass drive.

#### Clubs put it all together in '77

All the clubs we have here at school work hard to establish the goals they set for themselves at the beginning of the year. Many times it's a struggle to succeed. Art Club has refreshments and monthly meetings. Chess club got off to a fairly good start. Book club, Student Exchange, and Debate sponsored a Book Fair. OEA worked to ready girls for the outside business world. French club had speakers, extra curricular activities, and parties.

### Students try becoming bilingual

From the first time you pronounce "si" or "oui" to the last intricate delicacies of irregular verbs, foreign language becomes an indelible part of your life.

Many new experiences take place in a foreign language class. Records, movies, filmstrips, Christmas carols, and foreign games are some of the activities one takes part in, if he enrolls in French, Spanish, or Latin.

The advantages of modern equipment can be seen in the foreign language lab, where students, teachers, and cassette tapes make communication and learning possible through headsets and tape recorders.

throughout their lives. This training provides help in college, business wark, or any other occupation. An interested student may receive ail of the courses he needs for a commercial major.

This year's sports teams deserve a big pat on the back, and the coaches did a fine job also. The winter sports teams had to cope with the worst winter in recent memory, cancelling or postponing many games and meets. The fall and spring teams had to put up with high winds and rain to camplete their schedules. The teams had fine records, considering the practices missed and meets cancelled.

Many outstanding athletes surfaced, as in the case of foreign exchange student Kathy McBride. Kathy won the girls' swimming sectional and went on to the state meet, placing fourth.

Mr. Schutz commented. "We have one of the best athletic facilities in the state, and we are looking for ways to improve it."

#### Interchange thoughts and ideas

When you ask someone what he's majoring in, one answer you always get is English. Even though this is required, by specializing in journalism, yearbook, drama, or speech, students can make it interesting and fun. The courses that are offered vary in many different ways from forming a sentence to newspaper production and theater management.

#### NCA rates school tremendous

On March 22-25, our school was visited by the North Central Evaluation Team. They were here to evaluate the school facilities and how they are being used. The school will be visited every seven years by a different team.

The steering committee was picked last spring. It consisted of nine teachers, one from each of the departments. Then each teacher stated which committee he wanted to be on. Teachers, students, and people from the community were placed in departments for self-evaluation. They had forms to fill out about each department. The forms were worked on and sent to North Central in December. The final report was received the end of May, and rated us high among Indiana schools.

The thrill of victory and the agony of defeat. That just about tells the story of life here at JCHS. We will always remember the sectional victories and the sorrawful defeat at the regional in New Castle.

Immediately when one thinks of victories and defeats, he thinks of sports. Not so here; we have had so many winners that it is hard to say anything about one certain

team or club as the case mey be.

Our FFA Sail Judging team went to the National Competition in Oklahoma City. There Joe Lyons finished fourth high individual. Then the History Club placed fourth in state campetition. Our T.V. Club produced a video film that was good enough to capture first place in state competition.

### Love makes the world go round

"Lave makes the warld ga round" was the theme for the Y-Teens winter formal. There were 250 guests listening to the sound of "Persuasian" on March 19th.

The Y-Teens had worked hard to camplete the decorations before the big night when they would be escarted by the date of their chaice. Even though the dance was postpaned till March 19th because of complications, the girls never lost the excitement of their plans.

To be oble to attend the winter formal the girls had to earn so many paints. They did this by papping popcarn or having bake sales. One thing is for sure, Y-Teens were always busy.

TEAR ALONG THE DOTTED LINE was this year's All School Play. Mr. Steve Tatman directed the play. The show brought a two night presentation, March 17 and 18. The actors practiced three weeks, and many hours were used building stage sets.

There were six actors in the play. Mary Ann Sheller played Mrs. Oldac, a stingy old lady who ran a crummy apartment, Phyllis Cook played Stephanie, who was trying to get away from her mother's apron strings. Kirt, Stephanie's boyfriend, was played by Gary Miller. Karen, a pregnant lady, was played by Jenny Dalton. Ruldoph, played by Frank Missicano, was mamma's boy and an accountant. Diane Sayers played Judy, who was a flirt and made sarcastic comments. Many people talked about the telephone not having a cord, the telephone not ringing, and (at the end of a scene) the curtain opening farther instead of clasing, but the play turned out to be a good comedy.

### "We love you, Conrad, oh yes we do . . ."

A successful mood was created on the evenings of Moy 5th and 6th as talented Jay County Students presented the story of BYE BYE BIRDIE.

The musical unfolds as Albert and Rose devise a way to make enough money for Albert to return to college. Their plan calls for a song and a last kiss planted on Kim MacAfee by the popular singing star Conrad Birdie, whose life is parallel to that of Elvis Presley.

Their scheme fails, however, as other characters, such as Albert's mother, Kim's father and Kim's steady Hugo enter the picture.

In the end, Conrad is safely sent to the army, Kim and Hugo are reunited, Albert is finally going to marry Rose, and the small town of Sweet Apple, Ohio, settles back to normal.

### Juniors stricken by madness

The second annual Junior Class Play was held November 11 and 12. This year's play was MURDER IN THIRTEEN ACTS. Many Juniors starred in the play. The class sponsors were Tom Jerles and Max Himelick. Steve Tatman directed the play.

Eight of the thirteen acts were Late Date, Coffee Commercial, Awards Night, Great Debate, Welcome to Jupiter, Word From Our Sponsors, Hotel Hilton, and DeBarking DeBoy.

Over \$1100 was made during the two nights of the play.

Track season started the second week in February this year, and so far, they haven't had too much success. Coach Sneed commented that they practiced hard almost every night from February to May.

The events that take place in track and field are the 220 yard dash, the 440 yard dash, the mile and ½ mile, the mile and ½ mile relays, and the 100 yard dash. High hurdles, low hurdles, pole vault, disc, shot put, high jump, and long jump are also included.

13 of 15 freshmen records were broken, while all 15 reserve records were broken. Only 6 of 15 varsity records were broken.

# Femme fatales storm the basketball court

"It's a man's world," has become an almost obsolete saying in this age of liberated women. And while our female basketball team may not be women's libbers, they have certainly shown that it's alright for a girl to do more than cook and sew.

The varsity girls had an admirable 10-7 season and won their sectional against several tough teams. Coach Dana Neuenschwander kept the A-team on its toes and the team kept the ball in the basket.

The reserve team also had a good season, and coaching by Shirley Rogers got the younger girls ready far the years ahead.

### Girls' tennis swings into winning style

The girls' tennis team ended their season with a very successful record. They finished with a 14-2 record. In Richmond Invitational Doubles Tourney, the girls' number one team placed second in their division, and the number two team won the championship in their division. The girls also came away with the team trophy. This was the girls' most impressive win of the season. "The girls did an outstanding job during the season, and I am proud for what they accomplished. ## Homecoming yields victories

Clubs, football teams, and queens clashed among themselves in a mighty struggle for champion in the respective classes.

The crisp October air was a boon to the athletes' performance as they rough and tumbled their way to a 7-0 score.

Floats were also a topic of the evening. Math-Science Club's Charlie Brown and Lucy won the Judges' hearts, and they were awarded first place for the third year in a row.

One more heart was filled with the joy of winning. Marvi Money became Homecoming Queen in what must have been a very difficult decision.

## Get me outa here, I've been framed!

"Smile!" and "Click" have been the basic photography sounds for years. And the pictures featured your basic saupy looking grins on people in perfectly straight rows. Yech.

Unposed and natural is the 'now' scene for pictures. These are examples of shots taken by Miss Schutz's photography classes. The back to nature theme is a refreshing change of pace from the stagnant people-packed pictures that most photographers bring in. The class has given these pictures good cause to say, "I've been framed."

### Students rally to hear campaign

Two politicians came to our school to give a campaign speech to the seniors and juniors in October. Mrs. Cole, chairman of the social studies department, invited Mayor Richard Lugar, candidate for senator, and Congressman Phil Sharp, candidate for re-election of the 10th district.

One of the highlights was Lugar arriving by helicopter and landing on the front lawn.

Long after the speeches had been given and election day had come, both men won with a wide margin of votes.

# Students practice voting methods

Trips to the ballot box were a big thing this year. We held our own mack election.

John Sheller was chosen to run as Jimmy Carter against Susan Maddox who was chosen to run as Gerald Ford.

Students got the feeling of a real election by listening to the campaign speeches by the two candidates. Then, during that week, students could register by signing a receipt. This allowed them to vote on October 26.

TOP: First period Government class devoted their time to the mack election BOTTOM LEFT: Maria Stults feels satisfied with her decision. BOTTOM RIGHT: Deb Jones runs off with the votes. OPPOSITE PAGE — TOP LEFT: Suson Maddox portrays Gerald Ford. TOP RIGHT: John Sheller tries to get his point across as Jimmy Carter. BOTTOM LEFT: Brian Givens acts as a guardian to the ballots. BOTTOM RIGHT: Libby Lyans checks in to cast her vote.

Mrs. Houser has been with the company for 28 years. When she started, only 7 women worked there. Now there are 23. During the past years she has been a switchboard operator. She runs the Western Union Teletype and also types the non-productive purchase orders for the plant. To sum it all up, we could say she's the "Head of Communications."

# Coke add life to... everything that makes your livin'nice!

Bottled Under Authority of Coca-Cola Bottling Company of Portland, Ind.

Over 80 years ago, Edward M. Haynes had the vision to see the need and future for livestock feeding, as well as pet foods. Today, thousands of companies around Indiana and America have come and gone, but Haynes Milling Company, and its two principle product brands—STATE PILOT FEEDS and PEPPY continue to grow on a well-planned course, serving the rural Mid-

West livestock growers and the needs of pet owners throughout the nation.

Dorothy Ann Blunk Lisa Heniser Larry Hilbert Cindy Himes Susan Hunt Dear Jay County,

The book, and the year, have finally come to an end.

For me it is a time of mixed emotion. Like everyone I long for a vacation from studies but I think there is in all of us, whether we admit it or not, a part that longs to stay where we are - no change, very little responsibility.

There are a lot of people who have put in many hours working on this yearbook. To those who did layouts and to the photographus I say a sincere thank you. But I would like to express special appreciation to Robin Runyon. She is a fine journalist and more pages of this book are here than any two of the rest of the staff.

I would also like to acknowledge Miss Whith Being a sponsor is a great deal of work—most of which connot be done during class because of the delige of questions that continually surround him It takes a special band of Veacher to put in so many hours outside class.

Thanks, too, go to Mr. Dick Kennard-our yearbook representto tive the kept us informed on financial matters as well as suggesting good ideas for layout and style.

Finally, I would like to thank you - the reader. This book simply would not have been possible without your support. I hope you enjoyed it to the fullest.

Sincerely, Mary ann Sheller
